

**Agreement for
Underground Road Crossing Installation
in the
Municipality of Northern Bruce Peninsula**

Criteria for crossing Municipal roads:

1. Pavement to be saw-cut a minimum width of 6 (six) feet and excavated to a minimum depth of six (6) feet.
2. Fill to be removed and a minimum of a six (6) inch sleeve (pipe) installed full width of the road to accommodate waterline, power line or other.
3. Pipe to be backfilled with sand and compacted. Trench to be backfilled with 12 inches of "B" gravel and six (6) inches of "A" gravel, which are to be compacted. Three (3) inches of rolled hot mix is to be placed on top.
4. This Agreement shall come into effect upon signing and the posting of a Performance Bond to the Public Works Department of the Municipality of Northern Bruce Peninsula.
5. The Performance Bond will be as per the Fees and Charges By-Law, as adopted by Council, for the current year.
6. All culverts or sleeves installed will become property of the Municipality upon final acceptance of the works.
7. Any cost sharing of the crossing is the responsibility of the owners.

Please notify the Public Works Manager prior to commencing work so arrangements can be made for Roads employee to be present.

ACKNOWLEDGEMENT

I/We, _____, owner(s) of _____,
(property description)

agree to the above conditions for installation of a road crossing line.
