- 5.5.11.19 Notwithstanding the policies of Subsection '6.5.3.3 – Consents – Agricultural Areas' of this Plan, the lands identified as Site Specific Policy Area 5.5.11.19 on Schedule "A": Land Use Plan (South Section) to the County of Bruce Official Plan may be severed to a maximum total lot area of 0.61 hectares (1.5 acres). All other policies of Subsection '6.5.3 Land Division Policies' shall apply.

5.6 RURAL AREA

Introduction

The Rural Designation covers those lands that are for the most part undeveloped by urban type uses; the rural areas of the County are often appreciated for their pastoral sense of open space. However, the Rural designation in fact contains a mix of land uses and economic activities which include natural resource uses such as farming, forestry and aggregate extraction and tourism based activities such as nature appreciation and outdoor recreational uses.

The intent of the Rural designation is to balance rural development pressures with the need to preserve and protect the rural landscape. Economic activities in the Rural designation shall be those that take advantage of the natural attributes of the Rural area but, at the same time, conserve and protect the rural landscape for the enjoyment of future generations. New developments shall be low in scale and intensity, with particular attention being paid to the protection of the environment and increased service demands placed on rural municipalities.

Objectives

- ◆ recognize and promote the rural area as an important community and economic resource, while at the same time promoting preservation and enhancement of the rural environment for the benefit of future generations;
- ◆ provide strong and clear development policies and criteria in the rural designation to guide the establishment of agriculturally and resource based industries, tourism and recreational commercial uses and limited residential uses; and,
- ◆ minimize the fragmentation of commercially viable forested land in the Rural Area.

5.6.1 Area of Application

The Rural Area includes those areas of Class 4, 5, 6 and 7 soils as defined by the Canada Land Inventory Soil Capability Classification for Agricultural Capability that are greater than 80 hectares in size and pockets of Class 1, 2 or 3 soils that are smaller than 80 hectares in size. As a result this designation will include a combination of higher capability and lower capability soils. The designation has been determined based upon the 80 hectare majority of the predominant soil type.

These areas have been identified as generally non-prime agricultural soils in

Bruce County, based upon the Canada Land Inventory mapping. It is intended that a local municipality may develop a local strategy for identifying rural areas through an Amendment to this Plan, or by the preparation of a Local Official Plan.

5.6.2 Permitted Uses

The Rural Area shall permit agricultural uses in accordance with Section 5.5.2 and 5.5.8, non-farm residential uses, seasonal residential uses, rural commercial or industrial uses, recreation commercial uses, forestry, public recreation, tourism related uses, public conservation and public uses. In addition, estate residential subdivision development may be permitted by Amendment to this Plan, or Local Official Plan, in accordance with the policies of Section 5.7 of this Plan.

5.6.2.1 Farm Size

In the Rural designation newly created farm lots should generally be 20 hectares (50 acres). It is not intended to prevent the creation of smaller farm parcels where they are of a size appropriate for the type of agricultural use(s) common in the area and are sufficiently large to maintain for future changes in the type or size of the agricultural operation. Local municipalities will be encouraged to establish farm sizes appropriate to the area in the Local Municipal Official Plan and Zoning By-Law.

5.6.2.2 Home Industries and Home Occupations

The establishment of home industries and home occupations will be permitted in accordance with Section 5.5.6.

5.6.2.3 At their sole discretion, the Councils of the local municipalities may zone to permit the change of a legally existing use to a new use, provided that:

- ◆ the proposed change is to a 'similar use', or is a use permitted in either the 'Rural' or 'Agricultural' designations; and
- ◆ the existing use of the land, buildings or structures is a legal use currently recognized in the implementing comprehensive zoning by-law or is a legal non-conforming use in the implementing comprehensive zoning by-law; and
- ◆ the proposed use does not require large volumes of water nor generate large volumes of effluent; and
- ◆ the proposed use has no adverse effect on the present uses of the surrounding lands or the implementation of the provisions of this Plan; and
- ◆ the proposed use is not located in a floodplain or floodway; and
- ◆ the proposed use has regard for the Minimum Distance Separation Formula as amended from time to time; and
- ◆ the proposed use is accessible by a public road which is maintained by the appropriate authority as open to traffic on a year-round basis; and

- ◆ the proposed use is subject to any conditions that may be contained in a local Municipal Official Plan; and
- ◆ the proposed use must be in appropriate proportion to the size of the existing use; and,
- ◆ the proposed use will not create or further aggravate a traffic hazard; and
- ◆ the proposed use is developed in accordance with Sections 5.6.4.2, 5.6.4.3, 5.6.5.2 and 5.6.5.3.

Each case will be considered on its own merits by the Council of the respective local municipality and may be subject to site plan control.

5.6.3 Consent Policies

Development by consent for the creation of new lots may be permitted in accordance with Section 6.5.3 of this Plan.

5.6.3.1 Estate Residential Subdivisions

Development of an estate residential subdivision will occur by Amendment to this Plan or Local Official Plan in conformity with Section 5.7.

5.6.4 Rural Industrial

5.6.4.1 Permitted Uses

It is the overall intent of this Plan that industrial uses be located in existing settlement areas with required municipal services.

Permitted rural industrial uses shall be limited to those uses that serve the immediate agricultural community such as machine repair, welding, lumber mills and yards, small-scale rural home industries and other such similar industrial uses that require a rural location and cannot be located within a settlement area.

In addition to the main permitted uses, the retailing of accessory products to the main permitted use will also be permitted.
